

TECHNICAL DATA

PRODUCT NAME:	KetoseSweet+ with Stevia
ICON FOODS PRODUCT CODE NUMBER:	2107
DESCRIPTION:	<p>KetoseSweet+® with stevia is a proprietary blend of allulose and stevia extract. Allulose is a “rare” sugar that occurs naturally in wheat, figs, raisins, jackfruit and more.</p> <p>Allulose is a low-energy monosaccharide sugar. It is a C-3 epimer of fructose, and has the same molecular formula as fructose and glucose. But unlike fructose and glucose, allulose is not rapidly digested and absorbed making it safe for diabetics, those who follow a low sugar or low carb diet and even those who have adopted a ketogenic lifestyle. KetoseSweet+® with stevia passes through the body without being metabolized. It behaves similarly to the polyol, erythritol. KetoseSweet+® with stevia does not have a laxative effect.</p> <p>KetoseSweet+® with stevia has less than 0.2 calories per gram. KetoseSweet+® with stevia has the same temporal profile as sugar. Plus, it provides the expected mouthfeel that sugar imparts, leading to a more satisfying flavor.</p> <p>Considered GRAS (Generally Recognized as Safe) by FDA (Food and Drug Administration), FDA allows the use of KetoseSweet+® with stevia in a wide range of food products including: carbonated and non-carbonated beverages; baked goods such as frostings, cakes, pies, pastries, biscuits and rolls; frozen dairy desserts; jams and jellies; sweet sauces; syrups; chewing gum; hard and soft candies; and puddings and fillings.</p>
COMPOSITION:	Allulose, stevia extract.
COUNTRY OF ORIGIN:	United States.
ALLERGENS:	KetoseSweet+ with Stevia does not contain any commonly known sources of allergens. Labeling is not required under the FDA Food Allergen Labeling and Consumer Protection Act of 2004 or EU Directive 2007/68/EC
KOSHER:	KetoseSweet+ with Stevia is kosher certified.
BSE:	No animal derived ingredients are used in the production of KetoseSweet+ with Stevia.
LABELING:	KetoseSweet+ with Stevia complies with limits established for residual pesticides as per USP <561>. KetoseSweet+ with Stevia may be labeled as a “natural” ingredient under the regulations of the U.S. FDA and FTC.
